

GT Series

Enjoy more piece of mind by extending the warranty length on your Xantrex GT Series Inverter.

The Australian GT Series Warranty Extension adds 5 years to the standard warranty, providing you with 10 years total of warranty coverage.*

To qualify for a warranty extension, your GT Series Inverter must be installed:

- ▶ Within Australia
- ▶ In accordance with the installation instructions
- ▶ In accordance with all local electrical and safety inspection codes and requirements
- ▶ By a qualified solar system installer

To purchase your warranty extension:

1. Complete the information on the attached warranty application within 90 days of system installation.
2. Detach, sign and mail the warranty application with a photograph of the installation and payment to:

Attention: Xantrex GT Series Warranty Extension
 c/o Enerdrive Pty Ltd.
 PO Box 9159
 Wynnum Plaza QLD 4178

3. You will receive a confirmation of your warranty extension within 60 days of processing your application.
